BALÁZS WEINGARTNER
 President-CEO
 HUMDA Hungarian Motorsport
 and Green Mobility Development Agency

**Dear Participants!**

Roundly 30 years have passed since Hungary had organised an International Police Rally in Budapest in 1992 for the first time, after its admission to the INTERNATIONAL POLICE MOTOR CORPORATION in 1991. Subsequently, we were honoured on two occasions to be the hosts of this prestigious event – in 1999, also in Budapest and in 2010 in Debrecen.

It fills me with pride that Hungary is to organize the 73rd IPMC Rally from the 6th of September to the 10th of September 2022.

On this occasion, the venue of the Rally is even more spectacular than the previous ones.

Veszprém and Balatonfüred – the host cities are located in one of the most beautiful regions of Hungary, and not only that – it is this very region, Veszprém-Balaton that will be designated as the ‘Cultural Capital of Europe 2023’ thanks to its rich history, geographic location and its touristic attractions.

As the CEO of HUMDA Hungarian Motorsport and Green Mobility Development Agency – which assumed the organization of the 73rd IPMC Rally, I can assure you that we will make every effort to provide a worthy compensation for the IPMC Rallies that had to be postponed in 2020 and 2021.

The members of the Hungarian team reported about an honouring and warm welcome, unforgettable memories subsequent to the past meetings and competitions. Our mission is to allow for each participant of the 73rd IPMC Rally to bid farewell to us with the same impressions!

Let me thank Interior Minister Dr. Sándor PINTÉR, State Secretary for Internal Security of the Ministry of Interior Károly PAPP, Retired Lieutenant General Dr. József HATALA, the President of the National Crime Prevention Council and the President of the Hungarian Autoclub, as well as Mr. Gyula Porga and Dr. István Bóka mayors, for giving assurance of their highest support in organizing this competition in Hungary.

I thank the Presidency of IPMC for the honouring opportunity and their trust vested in us, concurrently I would like to take the opportunity to thank the indispensable work of all of our Police officers, their service and their effective work in the sphere of crime prevention and their striving for the development of traffic culture and transport safety.

Sincerely yours,
 Balázs Weingartner

GYULA PORGA
Mayor – Veszprém

**Dear Participants!
Dear Guests!**

We are honoured to welcome the participants of the 73rd IPMC Rally in Veszprém, the city of queens. Soon, we will assume the title of Cultural Capital of Europe 2023, which inspires us to present Hungarian culture and the traditions of Veszprém to all our guests. We hope that our guests will see for themselves that we are worthy of the title and that Veszprém is one of the most beautiful Hungarian towns.

Veszprém looks with great anticipation towards the Police Rally that will bring our countries and cultures closer again.

This special event that boasts of long-time tradition extends far beyond the noble competition and friendship of the Police officers: it has become a strong bond between our nations and it builds communities.

The compelling one thousand year old Veszprém awaits the competitors of the Police Rally to be held in 2022 in a wonderful natural environment. Embraced by the Bakony mountain range and Lake Balaton we await our guests with a plethora of spectacles. We hope that by showcasing the legendary traditional Hungarian hospitality we will be able to make these eventful days memorable for all of us.

I wish to all our participants a great, challenging and fruitful 73rd IPMC Rally and accident-free competition! Please, keep fond memories of Veszprém, the lovely scenery of Bakony mountain range and Balaton and the local people who wait for your return to our city as true friends would!

Sincerely yours,
Gyula Porga

**Honourable Ladies and Gentlemen,
dear Participants!**

We deem it a great honour that IPMC – International Police Motor Corporation – organizes the 73rd IPMC Rally in our city and in this region and to be able to welcome you in our circles as guests! We hope you will feel like at home in Balatonfüred, that had its 50th Jubilee last year as a city, the cultural port of the ‘Hungarian Sea’!

Our town that has been a favourite meeting point for progressive politicians and artists since the 1800s is popular not only due to the flourishing social life and the marvellous sight of the lake and its acid and mineral waters that are well-known abroad as well, but also because of its geographic location and climate that provide various active program opportunities to its guests.

In addition to water sports fans, not only cyclists and hikers but also motor sports enthusiasts can find opportunities to engage in their hobbies.

The Balaton-uplands – with special regard to our home that gained the title of the International City of Grape And Wine in 1987 – is the centre of gastronomic life. I sincerely hope that you will be able to explore the local culinary offerings as well!

Honourable Ladies and Gentlemen, dear Guests! We thank you for choosing the region of Veszprém-Balaton and the current Cultural Capital of Europe as the destination of your common journey! Until our meeting, we wish you safe and accident-free journey and pleasant weather!

With kind regards,
Dr. István Bóka

HEREND PORCELAIN MANUFACTORY AND MUSEUM
Porcelain was called “white gold” in the olden days, only privileged individuals could own porcelain objects – it was a status symbol. Ever since its establishment in 1826, Herend Porcelain Manufactory has preserved its tradition and manufactures its masterpieces in line with it, honouring the work of the great predecessors and keeping their spirit alive.

The working of the raw porcelain paste starting with the potting / moulding expert’s work, then passing through the furnace until the last stroke of the painter is performed manually up until today in Herend. It is this process that results in valuable products conceived as part of the Hungarian Heritage, known and respected all over the globe.

RENEZÁNSZ BADACSONYI PÁLINKAHÁZ FRUIT-BRANDY DISTILLERY EXHIBITION HOUSE
Pálinka is a Hungarikum enjoying protection of provenance: Only noble and wild fruits grown and produced in Hungary, grape and dry grapes- marc are allowed to be used in the distillation of pálinka. Only grape marc and fruit distillations that have been mashed, steamed and matured in Hungary, preserving the flavour and aromas of the raw material, and bottled at an alcohol content of at least 37.5% can be designated as pálinka. No additional flavours, sweeteners or artificial colours were added into it (except for maturing in a barrel or on fruit bed).

BE LIGHT – POKER RUN
Opening station – Veszprém, Óváros tér (square)
Finish station – Balaton Szabadidő- és Konferenciaközpont events and conference centre

Six stations, six poker cards.
It is not necessary for this round to sit at the card table, it is sufficient to hop on the motorcycle or jump in the car and drive along the excursion route along the Balaton-uplands following the itinerary and map provided at the start location. Everyone who registers takes part in this competition individually, regardless of whether or not multiple passengers travel in a car, bus or on a motorbike. This is not a team competition, but there are no specifications either. If someone travels in a group (in a car or bus or on a motorbike) and only one person registers for the competition, only that one person draws a hand of cards, although this reduces the chance of getting the best “hand of cards”. The cards shall be collected by reaching the stations where the cards can be drawn as well as the check-points. The route is 203 kilometres long, the time available for covering the distance is maximum 10 hours, giving each participant the opportunity to follow the route at their own pace, while discovering the sights and natural treasures of the landscape and enjoying the culinary delights of this exploratory rally. Getting the best hand and winning is purely a matter of chance, so the best combination of cards, the “best hand of cards” according to poker rules, will be the winner at the finish line and we hope that the winner of the grand prize will be pleased! As for the other players - no need to be unhappy, because each participant will also take part at a

tombola, where valuable prizes will also be drawn. The start station will be open for 3 hours, from 08:00 to 11:00, so it is not necessary to get up early, everyone can start the adventure as they see fit, as this rally is about the tour itself and naturally, about the game. All card-drawing stations and check points – including the finish – will be open for 3 hours at each place, to allow for convenient access to points of interest and attractions at the stations and en route.
